

The specialist for commercial vehicles

Media Information 2013

lastauto omnibus Media Information 2013

General Information

Euro 6, CO2 limits, hybrid- and electric drives, alternative fuels - commercial vehicle technology is getting more and more complex. **lastauto omnibus** supports fleetmanagers to maintain „a clear vision“, uses know-how of engineers, technicians and students and also keeps technically inclined readers up to date. **lastauto omnibus** should be read by everyone in the transport business.

It is crucial for fleetmanagers today to be on top of everything. The industry has overcome the economic crisis and companies everywhere will invest in their fleets in the following years. **lastauto omnibus** helps to find economically effective and lasting transport solutions.

Starting in February, **lastauto omnibus** will be published monthly, this means 11 editions for 2013. Readers are obtaining independent and exclusive information about the commercial vehicle market. We will continue to take a close look at research laboratories and design companies. Independent tests, automotive shows and critical commentaries will be the centre of our special interest magazine and a most reliable directory for customers as well as managers.

A fair balance and journalistic quality have always been our leading principles.

Editor-in-Chief
Thomas Rosenberger
about
lastauto omnibus

- 1 **Characteristics and target group:**
lastauto omnibus is the monthly magazine that specializes in testing, technology and technical advice. With comprehensive reports on commercial vehicles such as trucks, vans and buses **lastauto omnibus** supplies its readers with detailed information on any aspect of commercial technology and newest developments on the market. With the readers' survey „Beste Nutzfahrzeuge“ and „Beste Marken“ **lastauto omnibus** reflects on latest trends. **lastauto omnibus** is the exclusive German partner for the „International Truck of the Year“.

lastauto omnibus, July 2003

Due to the high portion of the circulation for which readers were not available for an interview (single sales, general sales, free copies, subscribers abroad, who are not German-speaking), the 85% rule could not be kept.

The results are representative for 8.306 personal subscribers in Germany and abroad (German-speaking), i.e. for 38.1% of the distributed circulation.
